The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.ctsi.org or https://eoc.anthem.com/eocds/aso. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call (866) 698-0087 or 303-861-0507 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$1,500**/single or **$3,000**/family for In-Network Providers. **$3,000**/single or **$6,000**/family for Non-Network Providers.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible. The total family deductible is met by the combination of all family members meeting their individual deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care for In-Network Providers.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. There is a separate outpatient $75 deductible for prescription drugs for each member.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	**$4,750**/single or **$11,500**/family for In-Network Providers. **$10,000**/single or **26,000**/family for Non-Network Providers.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits. The total out-of-pocket expenses are met by the combination of all family members meeting their individual out-of-pocket.
What is not included in the out-of-pocket limit?	Pre-Authorization Penalties, Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes, PPO. See www.anthem.com or call (866) 698-0087 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider

		for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
